Good morning. This was just sent over from DNREC I thought it would be good to add to the HRS package just to close the loop on the release?

Connor,

I just got this report yesterday and I have not had a chance to review. I thought you might like to review this. I will talk to you later. Thanks.

Hi Rick,

The attached letter provides information regarding activities performed to address the chromic acid release that occurred at the Procino Plating facility last November. Please give me a call or send an email with any questions.

Best,
